Of Local Interest.

The L T L will meet Sunday at 3 o'clock at the Methodist church.

There is much typhoid fever in the county. Several deaths are reported.

Seventy-five tickets were sold for the excursion to Cincinnati Sunday morning.

A big crowd took in the circus at Richmond. We "didn't have anything to wear" and couldn't go.

Willie Smith has accepted the position of devil in this office, and bids fair to make a good printer.

Elder F M Tinder is in Winchester attending the State Missionary Convention. He will return tonight.

The Christian church has been supplied with several dozen new song books, that the entire congregation may join in the singing.

R M West has bought 600 acres of new crop hemp at \$5 30 for 112 pounds also 60,000 pounds of old and new hemp from Moore and Montgomery.

Some of the streets are very muddy. This is caused by soft rock, which is all that can be secured, and the continual dragging of old rattle-trap vehicles over them.

If the City Council is going to spread any rock on the streets, it's about time they were "getting a move on." or it will take all in the county to fill up the "chug" holes, as Maj. Jim Burns calls them.

While Editor Albright was enjoying the World's Fair, Mr James Maret edited the Mt Vernon Signal, and the work was done to Queen's taste. Jim is an old hand in the newspaper treadmill, a "good un," too.

Card of Thanks.

We are requested to return the sincere thanks of Mrs Isaac Hamilton and family for the many kind courtesies extended to them during the sickness and death of Mr Hamilton and to assure the good people of Lancaster that their kindness toward them in their affliction will never be forgotten.

Be Cautious.

The deadly banana peel continues to get in its work. The Mayor of Lexington is the latest victim, being crippled a few days ago. Why anyone with as much sense as a goose will throw peels on the pavements is a mystery too deep for us to solve. An idiot, as a matter of course, will do such tricks, but there is no excuse for others.

Nickle-Plate Show to Disband.

The Harris Nickle-Plate Show will disband at Howell, Ind. The show has not quit insolvent but Mrs W H Harris, widow of the former owner left with \$200,000. Recently her son-in-law Mr Wilson has been running the show. It is being advertised and will be sold in its entirety as the Harris family is satisfied with the result of 20 years business and will quit.

Some Pretty Bass.

Manager Jim Beazley, of the water works, went to Dix river last week and caught eighty of the prettiest small mouth bass we ever saw. There were about ten goggle-eyes. They were medium in size and those fishermen who had the pleasure of seeing them stood around and grinned like so many 'possums. The fish were placed in the waterworks Lake, and Mr Beazley will carefully guard them for a year or so. They were caught in Hanging Fork with a minnow sein.

A Card.

Through the columns of this valuable paper—one of the best exponents of the best of the Kentucky press, the writer may be permitted to sincerely thank the good people of Garrard and Lancaster for the great kindness, courtesy and good will received in their midst in the past two years. In removing to adjoining neighborhood for continuance in duty, heartfelt remembrance is unremoved of the open-hearted hospitality and good fellowship in the bond and blessing of a common Head. Eugene H. Pearce, 370 East Lexington Ave., Danville.

Hamilton.

The many friends of the family were greatly grieved to learn of the death of Mrs Isaac Hamilton, which occurred at the home, on Danville street, Sunday afternoon about four o'clock. Mr Hamilton has been in failing health for some time, being confined to the house most of the time during the last six months. He was troubled with dropsy, and all efforts to stay the disease proved of no avail. The deceased was in his 55th year, and moved to Lancaster about two years ago, taking charge of the boarding house on Danville street. He was a man of good habits, industrious, honest and upright in all his dealings, and was always ready to do a good turn to his friends and acquaintances. He was married to Miss Sarah Lane, who, with five children, have deep sympathy in their great loss. The children are Mrs H C Spomanore, Mrs C H Compton and Mrs A Christopher, of Independence, Ind., and Misses Cora and Naomi, of this city. Funeral services were conducted by Rev Joe Hopper, at the Presbyterian church, Tuesday morning, the interment taking place at the Lancaster Cemetery.

Garrard County People.

To those going to the World's Fair, we desire to say that Miss Jennie Arnold and sister are running one of the best boarding houses there, and if you want first class accommodations, at reasonable rates, stop with them. They are located at 3065 Flinney St., only a short ride from the grounds, and for one dollar a day they furnish lodging and breakfast. Most all the Garrard county people who have visited the Fair have stopped with them and speak in greatest praise of the fare and accommodations.

Senatorial Primary.

The democratic senatorial committee met at Danville Monday and ordered a primary to be held Saturday, December 3. It was decided at the least calculation possible it would cost \$300 to the county, therefore the entrance fee was fixed at \$1,200—\$600 each—there being only two candidates Messrs R L Hubble and M F Elkin, contesting for the nomination. The entrance fee shall be paid in by Nov. 18, 1904, to the chairman of the district committee and, in case there should be only one candidate on Nov. 18, 1904, before the primary, then the committee is to be reconvened and the candidate declared the nominee. Each county committee in the district selects its own election officer, from lists furnished by the candidates.

Why She Was Thankful.

A camp meeting was in progress in the wire grass region of Georgia. The afternoon service was conducted by Uncle Mose Bradford, an exhorter of deep piety, but entirely innocent of book learning. He took for his text on this occasion the words of St Paul, "For I have learned in whatsoever state I am therewith to be content." After talking about fifteen minutes on the beauty of contentment from a Christian's point of view he suddenly announced that we was going to "throw the meeting open." His invitation was, "If you've got anything to be thankful for git up and say so." One after another rose and spoke of peace and contentment under circumstances that seemed impossible, judged from a worldly standpoint. Some said they were thankful for things they had missed, and at last an old lady arose, pushed back her sun bonnet and with a beaming countenance triumphantly exclaimed, "Well, Brother Mose, I ain't got but two teeth, but thank God, they hit."—Lippincott's.

Will Result in Good.

The protracted meeting conducted by Rev Joe Hopper, at the Lancaster Presbyterian church, came to a close Monday night. The Christian people of the town were greatly benefited by the sermons of "Uncle Joe," while the interest he awakened among the members of the church will result in great good. The meetings were attended by the earnest, fair-haired members of every church in town, but we must say that Uncle Joe made it too warm for those Sunday-only, dress parade people who hang up their religion every Monday morning, there to remain until the next Sunday. In other words, he held the hypocrite up in his true light, and told him so plainly that he could not go to Heaven on flowery beds of ease, that some people preferred to run from the plain truths so ably preached at each service. On the other hand, the faithful, honest Christians found great comfort in the sermons, and as stated above, were greatly benefited and comforted by the earnest words of "Uncle Joe." His last sermon, where he referred to this probably being his last visit to his native town, was very touching. Several united with the church.

Nickle-Plate Show to Disband.

The Harris Nickle-Plate Show will disband at Howell, Ind. The show has not quit insolvent but Mrs W H Harris, widow of the former owner left with \$200,000. Recently her son-in-law Mr Wilson has been running the show. It is being advertised and will be sold in its entirety as the Harris family is satisfied with the result of 20 years business and will quit.

Uncle Mose Collier Passes Away.

Mr Moses Collier, whose serious illness was mentioned in last issue of The Record, lingered until Friday night, when his spirit returned to God who gave it. Mr Collier, whom all loved and addressed as "Uncle Mose," had been quite feeble for some months, and became seriously ill about three weeks ago. He had almost reached the 81st mile post in his life's journey, this advanced age depriving him of any recuperative power, so the illness pulled him down rapidly. Uncle Mose was born in Garrard county, near Point Leavell, and resided here all his life. He was a farmer and one of the hardest working men the county ever produced. He was married to Miss Mary Beazley, who preceded him to the grave only a few years. Two children, Mr James Collier and Mrs Uriah Simpson, both of this city, and eight grand-children are left. Uncle Mose was elected Coroner several years ago and at the time of his death was the democratic nominee for that office. He was an especially good friend of the editor of this paper, and in our frequent meeting with him we were very much impressed by the interest he manifested in young men, and he was always more ready to speak a word of good cheer and encouragement than to censure any of his young friends. He was a member of the Christian church, and lived the life of a Christian in every sense of the word. He would divide his last earthly possession with any in need, and was as clever hearted man as the writer ever knew. That Uncle Mose has passed to a home where there is no sorrow or pain, there is not a shadow of doubt. Funeral services were conducted at the Christian church Sunday afternoon, Bro. Tinder officiating, the interment taking place at the Lancaster Cemetery.

Louisville Times:—The date of the marriage of Miss Christine Bradley and Dr John South, of Frankfort, has been set for November 2. It will take place at the residence of the bride's parents, ex-Gov and Mrs W O Bradley. Miss Bradley will entertain the wedding party at dinner on the evening of November 1.

Closing Out Rapidly.

We hoped that Mr J M Logan would change his mind and remain with us but he tells us that it is his intention to go to New York and engage in business, and he will close out the business of the Logan Dry Goods Co., as speedily as possible. He is buying some Fall and Winter goods and will endeavor to close out by Jan. 1st. It

Waiting For a Tide.

Twenty thousand logs or more lie rotting in the bed of Kentucky river between Whitesburg and its head, waiting for a tide to move them. There has been no high water in the upper Kentucky for over eighteen months. The numerous mills down the river are to a great extent idle. If these logs could be moved to them it would take over a year of constant sawing to convert them into lumber.

A Big Scheme.

A gigantic deal is mapped out by the Tobacco Growers' Association. President Hawkins says the Louisville Leaf Tobacco Exchange have agreed to advance between one and two million dollars to the Association with which to buy the present crop of tobacco and store it at Louisville when an Eastern syndicate will purchase it. This would give the Association and the growers complete control of the market.

BEGINS TOMORROW NIGHT.

Brooks Brothers, the Noted Evangelists and Singers, to Conduct Meeting at Christian Church.

Brooks Brothers, the evangelists, who come to the Christian church Saturday night, the 24th, are native missionaries though the ancestry is of Kentucky on both sides of the house. To the parents, Evan S and Malvina Brooks were born four sons and all of them are preachers. The oldest, Crayton S. Brooks, has been pastor of the Jefferson City, Mo., church for several years and is the man who lately achieved national fame by bringing the Missouri "boudies" to a stand still being associated with Joe Falk, of St Louis in that work.

WILL RESULT IN GOOD.

The protracted meeting conducted by Rev Joe Hopper, at the Lancaster Presbyterian church, came to a close Monday night. The Christian people of the town were greatly benefited by the sermons of "Uncle Joe," while the interest he awakened among the members of the church will result in great good. His last sermon, where he referred to this probably being his last visit to his native town, was very touching. Several united with the church.

W. S. Brooks is the preaching evangelist in the coming meetings. He was born near Paris, Mo., Dec. 28, 1869, and reared on the farm. When 18 years of age he secured a state certificate in a competition examination and taught school two years, afterwards graduating from Perry College. In 1896 he graduated from Kentucky University after a five year course.

He began preaching in 1893, taking his first work in the mountains of Kentucky. In 1897 he was married to Miss Minnie Christie, of Lexington, and they immediately assumed charge of the church at Ladage, Ind., where in seven years there were 650 additions to the church.

During all the ministerial life of

J W Brooks, he has spent a large part of his time in the evangelistic field and since last December this is his exclusive work. His first meeting was at Corinth, Ky., lasting 12 days and resulting in 88 additions. His record of success has been unbroken, since that time. He recently held meetings at Seaborn and Angolo, Ind., and Springfield, Mo. with more than 100 additions each. He is a plain, fearless gospel preacher and the Lancaster church is most sure to show the same

blessing.

A K Brooks is also an evangelist.

He has three diplomas from the Kentucky University graduating from the Bible College in 1903. He was born Aug. 9, 1878. He will have charge of the singing in this meeting and will also conduct frequent services of a special character. He possesses a rich baritone voice and will render a solo each evening. The Indianapolis News recently said: "Mr Arthur K Brooks, of Kentucky, gave a solo at the glee club entertainment last night. His voice is one of richness and power rarely heard in our city."

These men form a unique combination for both are preachers and both

singers. Their work is not of the stereotyped kind, but fresh and full of life. Their services are never long and tiresome. Lancaster will enjoy Brooks Brothers.

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as
Second-Class Mail Matter.

Lancaster, Ky., September 23, 1904.

A religious exchange, in an article commenting on the value and importance of family prayer, assumes that this institution is still in existence in the homes of church people. But is it? If an inquiry could be made into such an intimate matter in the gathering of religious statistics, how many church members could testify that they give any heed to the old-time custom? How many persons, going in and out of the homes of their relatives and friends, all godly people, as godliness goes in these days, have in recent years been invited to join in any religious rites? How many have been asked even to listen to a scripture reading? Would they not have been surprised and a trifle embarrassed had such an opportunity been offered? And that other once common and beautiful custom, the saying of grace or the invoking of a blessing on the food set before the family—what has become of that? Even in the most strictly pious household, is not the ceremony for the most part omitted and forgotten, except when the minister is a guest? It is a common assumption in current literature, at least, that women and children (why men are not included let them explain) whisper prayers to the Power above before laying their heads on their pillows, but is this fashion, too, only a tradition? If it is, then what in heaven's name is in the religious background that the children of today will have in their maturity? For the religion we get in youth is all that most of us ever acquire.

The following editorial is from the pen of Bro. Ed. Walton, of the Inter-Or Journal: An Owensboro preacher said in a recent sermon that it is a delusion to believe that women are better than men, for every time you find a mean man a meaner woman is associated with him. This is the same old Adam cry. The woman didn't, is still the excuse of erring man. It is a very cowardly one. There are women meaner than hell itself, but they are the exception. Women are naturally in every respect better than men. They are first in every good word and work and a very present help in time of trouble. They fill the churches and minister to the sick and afflicted. They will also fill heaven, where if Sam Jones knows whereof he affirms, there won't be a sufficient number of men to furnish the bass for the singing. The Owensboro preacher needs to make an humble apology to the sex he so meanly slandered.

BILIOUS

People dread the periodic attack of nausea and racking headache which results from derangement of the stomach and sluggish action of the liver. To cure the bilious condition the stomach and liver must be put into a healthy condition, and this result is accomplished by the use of Dr. Pierce's Golden Medical Discovery. It cures indigestion and other diseases of the stomach and its allied organs of digestion and nutrition. It makes the torpid liver active. It cures biliousness by curing the causes which produce it. It purifies the blood from the poisonous substances which clog and corrupt it and which breed and feed disease. Acting directly on the blood-making glands it increases their activity and so increases the supply of pure rich blood, upon which physical health depends.

"I suffered from indigestion, torpid liver and biliousness, and took many different kinds of medicine without receiving any benefit," writes Mr. P. J. Gerregano, of Cleveland, Ohio. "I then turned to Dr. E. V. Pierce and he recommended his 'Golden Medical Discovery.' I have taken about four bottles and was cured of my troublesome disease. At times in hot weather I had fever, and every morning had a bad taste in my mouth, and all through the summer season I was unable to work at all. Now I can work, and I believe, do as much as any one. Feel that I am under great obligation to you and your wonderful medicine, and cannot say too much for either."

Persons who suffer from disease in chronic form are invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of stomach, liver and blood.

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

Federal Odds Against Him.

Bedridden, alone and destitute. Such, in brief, was the condition of an old soldier by name of J J Havens, of Versailles, O. For years he was troubled with Kidney disease and neither doctors nor medicine gave him relief.

At length he tried Electric Bitters. It put him on his feet in short order and now he testifies. "I'm on the road to complete recovery." Best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. Only 50c. Guaranteed by McRoberts, Druggist.

A Power for Good.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W S Philpot, of Albany, Ga. says: During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill."
